

Permission to Film

Filming a child (or any person) in action can serve as a very important tool for both coach and swimmer. During the camp and throughout the upcoming season, I am offering to tape your child and give them some added individual "pointers" that we may not see everyday in practice. If this is something you AND your child are interested in please sign the bottom portion of the permission slip and return to a member of the coaching staff.

The coaching staff and swimmers are the only individuals that will be viewing the tape. At anytime the parents can ask for a viewing as well. The tape will be used for learning and coaching purposes ONLY.

Thank you,

Shannon Cutting
Head Coach
Hickam Hurricanes Swim Team
